

# Services

## *Direct Import Containers*

All of the products shown in this catalog are available as part of our direct import program. Avera is a global sourcing services provider with agents and offices in key manufacturing sectors. In addition to our stock products, we are ready to work with your merchandising team to source all of your lawn and garden and outdoor living needs. We offer freight consolidation service between our various factories to allow the most flexibility in reaching your cost targets. Please ask your representative for more details.

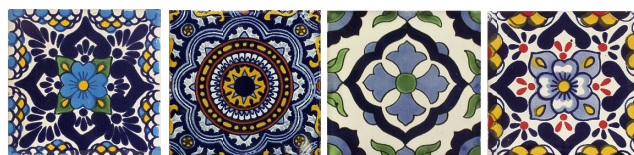

**Cement Furniture | Metal Furniture | Poly Wicker Furniture | Mosaics | Glazed Pottery | Terracotta | Wood Furniture**

## *Additional Products*

\*Pattern Shown: Peacock

**Houseware & Home Decor**

**Ceramic Tile**

In addition to our extensive selection of Talavera Planters and Garden Accents, we also offer a full line of food-safe kitchen ware, home accents, and hand-painted ceramic tile. These items are available by special order and have a typical lead time of 6-8 weeks, but because they can be ordered as individual pieces (or single cases of tile) they can be easily added to any other order as long as you are ordering in advance. Please ask your representative for more details on these products.
